

"Serving our western heritage, enhancing  
our natural resources"

Western Heritage Consulting & Engineering (WHCE) is looking for the next best **Landscape Architect** to join our team! We are a small, family owned firm, with grand visions and aggressive deadlines. The ideal candidate for this position should have at least 2 years practicing landscape architecture, be able to understand construction drawings and prepare construction sets, and be blessed with common sense. This position is new and exciting, and we are looking for a self-motivated, experienced LA to make this position a staple in Wyoming! If you want to use your creative talents to lead this division and assist with engineering projects, this job might be for you!

Culture is extremely important to us. We are looking to hire the RIGHT person who can fit into a small office culture, work independently but have the ability to ask for help when needed, have a passion for and experience with natural resources, and want to continually learn. You will be working beside our civil and agriculture engineers—we feel combining the detail of engineering with the creativity of architecture, we can offer our clients exactly what they have been asking for. We ask each employee to be respectful, honest and diligent with your time—if you struggle in any of these areas, please don't apply! If you are a great team player that holds respect and honesty in high regards, and are willing to do an assortment of tasks—please do apply!

Do you have experience with agronomy, water and natural resources, including hydrology & hydraulics, and irrigation design? If so, your resume will float to the top as we are strongly searching for the person with this type of experience.

Location, location, location! We are based in Casper, WY and have a strong presence in the Mountain West. If the right person applies, and are based elsewhere in the Rocky Mountain region, we would discuss the opportunity to open a satellite office...which means YOU would get to live and work where you love!! It also means the responsibility of getting and maintaining workload in that area would fall on you...so if you have a great client base right now and are ready to advance to this stage, send that resume in!!

If, after reading this, you're still thinking you're the one, please email your resume and cover letter to: [info@westernhce.com](mailto:info@westernhce.com)
